Subject: 2014 Governor's Council on Disability Legislative Education Project

2014 Legislative Education Project News

The Governor's Council on Disability and the Missouri Statewide Independent Living Council are once again providing the Legislative Education Project during the 2014 legislative session.

NEW OFFERING: This year we will be holding tele-conference calls for advanced advocates to obtain the latest information on disability-related bills and communicate with other advocates.

The webcasts and capitol training will continue to be offered for individuals or groups new to the legislative process and who have less experience with advocacy.

Read the attached Microsoft Word document and brochure for detailed explanations, dates, times, and registration information. If a group is interested in scheduling a webcast or a Capitol training on a date other than those listed, please contact Laura Mueth at Laura.Mueth@oa.mo.gov or 800-877-8249 to arrange a mutually agreed upon date and time. We will schedule as time and staff allows.

Do you want to learn about the legislative process? Do you want to stay up to date on the disability-related issues and bills being discussed by your legislators? Do you want your legislator hear from you about your disability issues? Do you want to continue building on the successes from the last few years? Get involved with the 2014 Legislative Education Project (LEP) and learn how!!! Join us by signing up for the LEP now! Registration is required for the webcasts, tele-conference calls, and Capitol trainings.

Please distribute to other individuals, organizations, and interested parties.

We look forward to engaging and interacting with you through the webcasts, teleconference calls, and trainings!

Please contact me if you have questions.
